It was down by the Sally gardens

My love and I did meet

She crossed the Sally gardens

With little snow-white feet

She bid me to take life easy

As the leaves grow on the tree

But I was young and foolish

And with her I did not agree

In a field down by the river

My love and I did stand

D	0 1 2 1 0 1 2 4 5 4	8 4 5 4 2 1 1 0

And upon my leaning shoulder

She laid her snow-white hand

She bid me take life easy

As the grass grows on the weirs

But I was young and foolish

And now I am full of tears

It was down by the Sally gardens
