They try to tell us we're too young

Too young to really be in love

They say that love's a word

A word we've only heard

But can't begin to know the meaning of

And yet we're not too young to know

This love will last though years may go

And then someday they may recall

We were not too young at all

And yet we're not too young to know

This love will last though years may go

And then someday they may recall

We were not too young at all
